## 2022 Ranking: 8th Largest Export Market in MENA for U.S. Goods

The Oman – U.S. Free Trade Agreement (FTA) came into force on January 1, 2009. Designed to promote trade between these two long-time partners, the FTA provides preferential treatment, creating a comparative export advantage for Omani firms over other companies around the globe. In part because of this FTA, U.S. goods exports to Oman grew to nearly **\$1.5 billion** in 2022, representing an increase of 6 percent from 2021.

### Oman's Main Import Partners

The data in this publication are drawn from the U.S. Bureau of the Census using the latest U.S. export information (February 2023). Export numbers may understate total U.S. exports because country-specific information for some products (e.g., mining, forestry, fishing, and waste and scrap) is not available.
