About Baghdad International Fair:

Established in 1968, Baghdad International Fair (BIF) is the largest annual international exhibition and promotional event in Iraq. In past years, U.S. exhibitors have come from a wide range of industry sectors, including: aerospace, automotive, safety and security, financial services, construction, information technology, heavy equipment, clothing and footwear, and beverages.

The U.S. Ambassador, Iraqi Prime Minister, Cabinet Ministers, and numerous other senior government officials have participated in BIF activities in previous years. The defeat of ISIS last year by Iraqi armed forces now offers an excellent opportunity for companies to exhibit at BIF 2018. At a January 28, 2018 press conference in Baghdad, Deputy Secretary of State John J. Sullivan stated: "The United States is committed to expanding our economic and cultural partnership with Iraq, as established in the U.S.-Iraq Strategic Framework Agreement. Our partnership is strong and will continue to grow..."

America's business community has historically played an important role in Iraq in general and in the Fair in particular. Prime Minister Haider Al-Abadi has stated that he would like to see a large number of international companies come to Iraq to take part in the rebuilding of the country. These sentiments have been echoed by senior leaders across the political spectrum in Iraq, so don't miss this opportunity to showcase your company at this important annual event.
