The forum is being organised by the US Department of Commerce, the National Security Council, the Ministry of Foreign Affairs and Emirati and the Council of the Gulf States. Discussions will be centred on partnership and investment opportunities in several sectors including food security, tourism, infrastructure and education.

The Economics and Trade Forum "will talk" the officials in Washington, DC, Connecticut, Philadelphia and New York. The forum is being organised by the United States Government, the Ministry of Economy and Commerce and the US Chamber of Commerce.

The meeting took place on the sidelines of the minister's participation in the tour, which kicked off in Miami. Discussions touched on the potential for increased trade and investment between the two countries, and the possibility of establishing a joint economic forum.

"We are looking forward to a productive meeting with Qatari officials," QCB governor said. "We believe that this forum will be an important step in strengthening our economic relationship and increasing trade and investment between our two countries."
