Comparison of Top Five Countries Exporting to Kuwait (2018)

This chart identifies the market share of only the top five countries exporting to Kuwait, so the percentages may not equal 100%.

The data in this publication are drawn from the U.S. Bureau of the Census using the latest U.S. export information (February 2020). Export numbers may understate total U.S. exports because county-specific information for some products (e.g., mining, forestry, fishing, and waste and scrap) is not available.
